Our Picks

FIRE & FURY
Michael Wolff
PB \$32.99
The first nine months of Donald Trump's term were stormy, outrageous - and absolutely mesmerising. Now, thanks to his deep access to the West Wing, bestselling author Michael Wolff

tells the riveting story of how Trump launched a tenure as volatile and fiery as the man himself. Wolff provides a wealth of new details about the chaos in the Oval Office. Among the revelations: What President Trump's staff really thinks of him, what inspired Trump to claim he was wire-tapped by President Obama and why FBI director James Comey was really fired. Never before has a presidency so divided the American people.

OPEN WIDE
Melissa Ambrosini
PB \$29.99
A radically real, upfront and no BS guide for women on finding and cultivating mind-blowing, heart-expanding, deep authentic love, real relationships and soulful sex - and when we talk

about sex, this book isn't about the best positions, it's about how to show up as your best self, about how to be truly confident in the skin and body you're in, how to be vulnerable with your partner (or future partners), plus so much more. It's a book that gives women the real tools they can implement into their life immediately for real results.

JOY OF DOING NOTHING
Rachel Jonat
HB \$22.99
Fight back against busyness and celebrate the pleasure of doing nothing in this new guide that helps relieve stress and increase happiness in your life. In The Joy of Doing Nothing you'll discover

how to step away from everything you think you have to do and learn to live a minimalist life. Rachel Jonat shares simple strategies to help you stop overscheduling, find time for yourself, and create moments of calm every day. You'll learn how to focus more on the important aspects of life, such as family and friends, and scale back your schedule to create more time in the day to care for yourself.
